

## MARSHALL & REPUBLICAN.

### SOME LATE RETURNS

**Senator Wolcott's Defeat in Colorado Generally Conceded.**

### CLARK MAY BE RETURNED TO SENATE

**Dennis Flynn Re-Elected in Oklahoma—Governorship of Minnesota Unsettled—Bryan Electors Challenged in Nebraska—Republican Control in Ohio.**

**Chicago, Nov. 8.—** Returns received from the state at large during yesterday evening do not materially change the political complexion of the next state legislature. The probability is that the republicans will have a majority of about 22 on joint ballot, which means a republican successor to Senator Cullom. It is impossible at this time to give figures with strong assurance of accuracy, but the next Illinois legislature will probably be about as follows: Senate, republicans 34; democrats 17. House, republicans 79; democrats 74. The democrats figure that with but slight gains they will be able to have a majority of one or two on joint ballot and thus replace Senator Cullom with a democrat. In the event of their obtaining the control of the legislature, it is certain that Samuel Abschuler, the defeated democratic gubernatorial candidate, will be sent to the senate.

#### **McKinley's Majority in California.**

**San Francisco, Nov. 8.—** The majority for McKinley in California continues to grow and the indications are that it will reach 40,000. Owing to the failure of a few election officers to make a semi-official report the complete figures in San Francisco cannot be ascertained at present, but it is safe to say that the republican presidential electors have carried the city by 8,000 or 10,000. The republicans have elected all seven congressmen. The legislature is republican by a majority of 26. The state senate contains 33 republicans and seven democrats. The assembly stands: Republicans, 58; democrats, 22.

#### **Senator Wolcott's Defeat Conceded.**

**Denver, Col., Nov. 8.—** Returns from Tuesday's election are slow coming in, but sufficient returns and careful estimates have been received to show that Bryan's plurality will be from 30,000 to 35,000, and may reach 40,000. The republican managers concede the legislature to the fusionists by a majority of 50 on joint ballot. Orman, democrat, and the whole fusion ticket will have about 25,000 plurality. The defeat of Senator Wolcott for the senate is generally conceded but with several aspirants in the fusion parties it is impossible to predict with any accuracy who his successor will be.

#### **Bulletin About Kentucky.**

**Cincinnati, Nov. 8.—** A Western Union bulletin issued last night about Kentucky says: Returns from 75 counties complete or nearly complete, embracing 1,215 precincts out of a total of 1,877 precincts in the state give Bryan 156,750; McKinley, 137,215; Beckham, 151,036; Verkes, 138,877. Of the 13 counties not yet heard from, or reported so sparsely as to be ineligible, 10 gave in the last presidential election 7,213 democratic plurality and 26 gave 16,527 republican plurality.

**Indiana's Plurality for Republican Ticket.**

**Indianapolis, Ind., Nov. 8.—** A plurality of anywhere from 28,000 to 32,000 for the republican national ticket; the election of Col. W. T. Durbin, re-

publican, to the governorship; the election of the entire state, and Marion county republican ticket, and nine and perhaps ten of the congressmen and the election of a legislature that will have a republican majority of 10 on joint ballot, is a summary in brief of Tuesday's battle at the polls in Indiana.

#### **Bryan's Majority in Texas.**

**Houston, Tex., Nov. 8.—** Tuesday's estimate of 175,000 majority for the democratic ticket in Texas is about correct as indicated by the returns so far received. The only republican congressman from Texas has been replaced by a democrat and the delegation will be solid. The only republican state senator has been defeated and the legislature is composed entirely of democrats.

#### **Brooks's Plurality in Arkansas.**

**LITTLE ROCK, Ark., Nov. 8.—** Complete returns are coming in slowly, but enough is known to indicate a plurality of 6,000 for Bryan in Arkansas. Neither democrats nor republicans polled their full strength. In each of the six congressional districts the democratic nominees for congress appear to have run slightly ahead of Bryan, and their majorities range from \$1,000 to 15,000.

#### **McKinley's Victory in Wisconsin.**

**Milwaukee, Nov. 8.—** A complete figure of the republican victory in Wisconsin will not be known perhaps for many days, as many precincts are far distant from railway stations and will be sent in by mail. Gen. Bryant, chairman of the republican state central committee, placed his latest estimates at 100,000 for both national and state tickets.

#### **McKinley's Majority in Iowa.**

**Dubuque, Ia., Nov. 8.—** Speaker Henderson's majority in the Third Iowa congressional district is 11,000, an increase of nearly 2,000. The democrats elect every county officer in Dubuque county by majorities ranging from 100 to 1,500. Dubuque county gives Mr. Bryan 1,872 majority, an increase of 10 over 1896.

#### **McKinley's Victory in Indiana.**

**Wheeling, W. Va., Nov. 8.—** West Virginia has gone republican by from 12,000 to 15,000 majority. The entire state ticket is elected. The congressional delegation is solidly republican. The legislature is republican in both branches, 20 to 25 majority on joint ballot, insuring the reelection of Senator Elkins.

#### **Governorship of Minnesota Unsettled.**

**St. Paul, Minn., Nov. 8.—** The only point unsettled in the Minnesota election is the contest over the governorship. Everything else has gone republican by majorities so large that there is no possibility of change. Tom Birby, chairman of the republican state committee, figures out 8,254 plurality for Vansant, while Chairman Rosing, of the democratic state committee, from the figures reported to him, puts up 12,000 plurality for Lind. The present returns have favored Vansant, but his lead was slight. The McKinley vote seems considerably more than 50,000 over that of Bryan.

#### **Others May Be Returned to Senate.**

**Helena, Mont., Nov. 8.—** Full returns of Tuesday's voting in rail-state confirms the preliminary estimates sent out. Bryan's plurality will be from 15,000 to 18,000. The legislature, which will elect two United States senators, is democratic from 15 to 20 votes on joint ballot and will undoubtedly reelect Senator Clark and some other democrat or populist to succeed Thomas C. Carter and fill the vacancy caused by the resignation of Senator Clark last session.

#### **Oklahoma's Election.**

**Guthrie, Okla., Nov. 8.—** Secretary Renshaw, of the republican territorial committee, made the following statement: Flynn is re-elected by 5,500 majority. We have elected a majority in both branches of the legislature. The two houses stand as follows: Lower house, 17 republicans; nine democrats; council, seven republicans six democrats.

#### **Bryan Electors Challenged in Nebraska.**

**Lincoln, Neb., Nov. 8.—** Returns received at populist state headquarters last night from 25 counties complete and 200 scattering precincts indicate that Gov. Poynter's plurality will be about 4,000 with the balance of the state ticket running close up with him. The election of the Bryan electors is claimed by a plurality of 2,000.

#### **No. 30 Division Republic.**

**Minneapolis, Minn., Nov. 8.—** A Times special from Fargo, N. D., says: The republican plurality in North Dakota will be 10,000 to 12,000. There is no question about the election of all the state ticket and the congressman-at-large and there have been large republican legislative gains.

#### **Moore's Defeat in Missouri.**

**Detroit, Mich., Nov. 8.—** Returns up to ten o'clock last night give McKinley a plurality of 10,58 and Bliss, the republican candidate for governor, a majority. The entire Michigan congressional delegation is republican by largely increased majorities in most of the districts.

#### **Four Democratic Congressmen.**

**New Orleans, Nov. 8.—** Louisiana will show a majority of 30,000 for Bryan and will elect all six democratic congressmen. owing to the unexpected smallness of the republican vote it is not certain that contests will be filed even if congress is republican.

#### **Republ. Wins in Ohio.**

**Columbus, O., Nov. 8.—** Republican State Chairman Dick says: "Unofficial returns received from 81 out of the 88 counties warrant the claim of 7,000 for McKinley and we elect 17 of the 27 members of congress, a gain of two democrats."

#### **Democrats Carry Virginia.**

**Richmond, Va., Nov. 8.—** The additional returns received yesterday confirm the report sent out Tuesday night that the democrats carried the state by about 20,000 and elected their candidates in every congressional district.

#### **Corrected Rhode Island Returns.**

**Providence, R. I., Nov. 8.—** Corrected unofficial returns from Rhode Island give McKinley 31,231; Bryan, 19,937; Maloney, 1,682; Woodley, 1,526, a plurality for McKinley of 11,254 in a total vote of 50,677.

#### **McKinley's Majority in Connecticut.**

**Raleigh, N. C., Nov. 8.—** North Carolina gives Bryan a majority of not less than 20,000. The next congressional delegation from this state will contain seven democrats and two republicans.

#### **M. Kuhn's Plurality in New Jersey.**

**New York, Nov. 8.—** With six counties incomplete the latest returns from New Jersey show that McKinley's plurality is 5,522. The republican plurality in 1900 was 51,602.

#### **McKinley's Victory in South Carolina.**

**Charleston, S. C., Nov. 8.—** The democrats won by a large majority in Beaufort, the only county in which there was a republican ticket for county offices.

#### **Tucker's Vote Told Off.**

**Nashville, Tenn., Nov. 8.—** The total vote cast in Tennessee will fall 25 per cent under that of 1896, and Bryan carries the state by 25,000 to 30,000 votes.

#### **South Dakota.**

**Sioux City, S. D., Nov. 8.—** Eight hundred and forty-one precincts of 1,150 in South Dakota give McKinley a plurality of 13,444.

**New York's Congressional Returns.**

**New York, Nov. 8.—** The congressional representation from this state will consist of 21 republicans and 13 democrats.

#### **McKinley's Plurality in Pennsylvania.**

**Philadelphia, Nov. 8.—** Complete but unofficial returns give McKinley 285,239 plurality in Pennsylvania.

#### **Hoover's Defeat in Indiana Fusion.**

**Boise, Idaho, Nov. 8.—** The latest returns seem to indicate that the legislature will be fusion.

#### **The State of Washington.**

**Portland, Ore., Nov. 8.—** McKinley's majority in the state of Washington will be close to 10,000.

### LANDSLIDE IN KANSAS.

**Republicans Make a Sweep in the State.**

**It Was State Popular Get Out the Votes.**

**Topeka, Kan., Nov. 8.—** Chairman Ridgely, of the populist state committee, early yesterday conceded to the republicans a landslide in Kansas. "We have saved only one congressional district out of the wreck, the third," he said, "electing A. M. Jackson by a small majority." Mr. Ridgely was asked to make a statement giving the cause of the fusion defeat, but he declined to do so. "We have been defeated," he said, "and there really is not anything to say."

**John W. Breidenbach, Fusion Nominee for Governor, Said His Party Was Beaten by the Silent Voter.**

"We thought this vote was with us, but it was not that the republicans captured it."

**Chairman Allbaugh, of the republican committee, says the complete returns will give the state to McKinley by 10,000 plurality. The state ticket runs close to the presidential ticket, but Stanley's vote will be 5,000 less than McKinley's. The returns show that Breidenbach runs ahead of Bryan. Mr. Allbaugh concedes the election of Jackson in the Third congressional district by from 300 to 500 majority.**

**The republicans elected the other seven congressmen. The legislature is republican by a safe majority. The republicans elected seven district judges, but likely lost the district comprising Cloud, Republic and Washington counties, where the fusionists elected High Alexander.**

**The constitutional amendment to increase the Kansas supreme court from three members to seven likely carried. Few votes were cast against it and the returns indicate that the number of persons voting for it constitutes a majority.**

**The returns have ignored the socialist vote in the state entirely, but it is generally believed it will reach over 2,500.**

**According to returns received at republican headquarters the republicans have 24 members of the house, with six in doubt.**

**The republicans claim 27 members out of the 40 in the senate, with three in doubt.**

#### **A Coal Mine Disaster.**

**Theriot, Wash., Nov. 8.—** A cave-in at mine No. 7 at Carbonado resulted in the death of three men. The accident was caused by the giving way of one of the large supporting beams. About 50 men were working in the mine at the time but all except the three killed escaped uninjured.
